

Huron-Manistee National Forests
Harrisville and Tawas Ranger Districts
06/07 Continued Use of Stockpile Sites, Reissuance of Special Use Permits
December, 2010

The Huron-Manistee National Forests, Harrisville and Tawas Ranger Districts, received requests for continued use and maintenance of existing stockpile sites with authorizations that expire December 31, 2010 and listed below. The new proposed requests would be administrative actions. The requests would not increase the scope or intensity of the original authorized activities.

1. A stock pile/storage site and driveway is adjacent to the existing parking area at the Alcona Canoe Rental Site located along Bamfield Road in the NW $\frac{1}{4}$, Section 13, T25N, R5E, Alcona County, Michigan. The site is used for access and to store buses during the seasonal summer watercraft season. The current permitted area is approximately 384 feet long x 90 feet to 34 feet wide or 0.45 acres.
2. The other is a stockpile site, driveway, and gate authorized to the Iosco County Road Commission for stock piling sand material to be used for road construction projects in the county. The stock pile and gate are located off M-65 north of the Au Sable River (Five Channel Dam) in SE $\frac{1}{4}$ SW $\frac{1}{4}$, Section 14, T24N, R6E, Iosco County, Michigan. The stockpile area is approximately 4 acres of an old pit area.

Maintenance would include grading access driveways, spot graveling, brushing/mowing vegetation, and snowplowing. If allowed, 5-year authorizations would be issued for continued use and maintenance of the permitted areas.

If you have any comments or additional information regarding this project please contact Pat Thompson, at the Mio Ranger District, 107 McKinley Road, Mio, Michigan 48647, (989) 826-3252, TTY - (989) 826-3592.
